

VieTape PT-2510

1. PRODUCT & COMPANY INFORMATION

Product name: VieTape PT-2510

Application: Masking tape for application on general purpose or widely applied in interior paint masking, light-duty packaging, holding, bundling, splicing and packaging.

Company information:

Name: Vietape Material Technology Co., Ltd.

Address: No. 18F, Tang Nhon Phu Street, Phuoc Long B, Thu Duc City, Ho Chi Minh City, Vietnam

Phone: (+84) 869 681 639

Email: info@vietape.com

Website: www.vietape.com

2. COMPOSITION/INFORMATION ON INGREDIENTS

2.1. Masking tape made from crepe paper coated with an adhesive made of natural rubber based adhesive.

2.2. Composition:

Ingredient	CAS#	Weight % concentration	Risk	Risk Symbol
Crepe Paper	N/A	70-80	NONE	N/A
Adhesive	N/A	20-30	NONE	N/A

3. HAZARDS SUMMARIZING

Effects on human health and environmental effect: based on available information, one does not foresee any remarkable negative effect on human health or on environment when advised instructions of use are conformed to.

4. FIRST AID MEASURES

Contact to skin: Wash abundantly with water and soap

Contact to eyes: Wash abundantly with water

Swallow: See a doctor

5. FIRE EXTINCTION MEASURES

Fire extinction: Extinguish with any anti-fire means

Exposure risk: Melting Point (164°C- 170°C): product decomposes in case of fire, giving out toxic fumes

Protection equipment: Wear auto respirator in case of big fires

VieTape PT-2510

6. PRECAUTION IN CASE OF ACCIDENTAL SPREADING

Collect as for normal waste.

7. HANDLING AND STOCKING

Handling: Following current industrial rules for personal cleaning and hygiene, it is advisable to wash hands after handling the product. No physical hazard, take it off by hand when sticking on skin and wash with clear water, never use to bind up a Wound.

Storage: Stored in warehouse without volatile solvent, in temperature 0°C - 40°C and relative humidity 40%- 80%; remain horizontally in order not to be out of shape.

8. EXPOSURE CONTROL / PERSONAL PROTECTION

Engineering measures: no particular indication.

Workers exposure limit: none.

Protection of respiratory organs: none

Hands protection: none

Eyes protection: avoid contact

Skin protection: no special precaution is needed

9. PHYSICAL-CHEMICAL PROPERTIES

Appearance: yellow solid in roll

Smell: slightly harsh

Melting point: 164°C - 170°C

Solvency: uneasily dissolved in water

Inflammability: inflammable

10. STABILITY AND REACTIVITY

Conditions to avoid: the tape has no chemical reactivity properties

Materials to avoid: none

Dangerous decomposition by-product: CO

11. TOXICOLOGICAL INFORMATION

Toxicity: No data available.

Acute toxicity: No data available.

Chronic effect/carcinogenic: No data available.

VieTape PT-2510

12. IMPACT ON THE ENVIRONMENT

Soil mobility: Not available.

Persistence & degradability: No data available.

Ecology toxicity: No data available.

13. DISPOSAL CONSIDERATIONS

Use approved disposal methods as recommended by state and local agencies.

14. TRANSPORT INFORMATION

There is nothing especially.

15. REGULATORY INFORMATION

Please observe regulation of your country or district about this substance.

16. OTHER INFORMATION

NFPA Hazard Classification

Health: 0 Flammability: 1 Reactivity: 0 Special Hazards: None

These information contained herein are based on data that we have at the present time. However, these hazard information are not assured. The instructions are applied at normal use. In case of special use, please take safety measure that is suitable for the use.
