

# VieTape RF7101

## REFLECTIVE TAPE

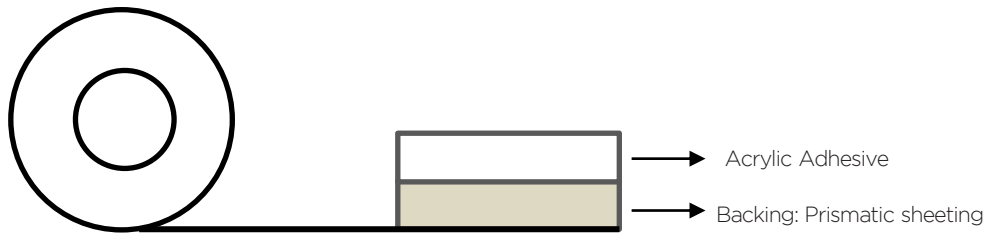

### DESCRIPTION

VieTape RF7101 is white reflective tape - designed for use in the production of reflective commercial signs and noncritical traffic control signs (“Sign”) that are exposed vertically in service. This tape provides good adhesion to variety of substrates including common plastics, metals and glass,...

### APPLICATIONS

General applications: Vietape RF7101 Prismatic Reflective is a non-metalized micro-prismatic lens reflective sheeting designed for the production of durable traffic control signs and devices, that are exposed vertically in service. One of the common applications of the RF7101 is marking.

### STRUCTURE

### TYPICAL PERFORMANCE PROPERTIES

Properties	Value
Backing material	Prismatic sheeting
Color	Blue, Green, Red, White, Yellow
Adhesive type	Acrylic
Width, Length, Thickness	Optional
Working temperature	-40°C to 90°C
Retroreflective Performance	These materials utilize the principle of retroreflection and are comprised of an encapsulated lens optical design that provides high reflectivity over a wide range of entrance angles, whether dry or wet. Performance will vary depending upon actual use, exposure conditions and maintenance

### SHELF LIFE

12 months from date of manufacture when stored at 10 - 30°C and 40 - 75% relative humidity.

The optimal storage conditions are 72°F (22°C) and 50% relative humidity.

Issue date: September 2022
